

## IEA-EEF European Congress of Epidemiology 2006

### Poster list

Nr	SESSION	NAME		COUNTRY	TITLE
451	Poster session 1: June 29 2006	Aizpuru	F.	Spain	Prescription of ACEI in systolic heart failure
93	Poster session 1: June 29 2006	Antunes	J.L.F.	Brazil	Multilevel determinants affecting inequalities of dental caries experience
491	Poster session 1: June 29 2006	Azevedo	A.	Portugal	Prevalence, awareness, treatment and control of hypertension in the Portuguese general population
523	Poster session 1: June 29 2006	Azevedo	A.	Portugal	Fluctuating high-sensitivity C-reactive protein in stable chronic heart failure
524	Poster session 1: June 29 2006	Azevedo	A.	Portugal	Determinants of antihypertensive treatment in the general population
130	Poster session 1: June 29 2006	Bardehle	D.B.	Germany	Core Health Indicators in Mégapolis Area - 'Ruhr-City' in Germany
232	Poster session 1: June 29 2006	Bezemer	I.D.	The Netherlands	Family history predicts venous thrombosis in the absence of known risk factors
301	Poster session 1: June 29 2006	Bont	J.	The Netherlands	Antibiotic management of acute lower respiratory tract infections among Dutch elderly patients in primary care
401	Poster session 1: June 29 2006	Bozkurt	B.	The Netherlands	Genetic polymorphisms in the RAS and risk of diabetes associated with the use of ACE inhibitors: the Doetinchem Study
372	Poster session 1: June 29 2006	Brussee	J.E.	The Netherlands	Persistence of asthma symptoms in pre-school children with and without an early diagnosis of asthma
379	Poster session 1: June 29 2006	Brussee	J.E.	The Netherlands	Rint, exhaled nitric oxide and the prediction of asthma and respiratory symptoms in children
443	Poster session 1: June 29 2006	Carrasco	J.M.	Spain	Health-Related Quality of Life (HRQoL) in Galicia (Spain) after the Prestige oil-spill
423	Poster session 1: June 29 2006	Cesaroni	G.	Italy	Socioeconomic status and mortality after major surgical procedures in four italian cities
275	Poster session 1: June 29 2006	Costa	M.C.N.	Brazil	Infant mortality during recent economic crisis periods in Brazil
282	Poster session 1: June 29 2006	Dauphinot	D.V.	France	Association between heart rate variability and ambulatory blood pressure. The Proof study
397	Poster session 1: June 29 2006	De Groot	K.	The Netherlands	Quality of Life in diabetes patients is lower due to musculoskeletal diseases than other comorbidities
233	Poster session 1: June 29 2006	De Jong	H.J.I.	The Netherlands	Alcohol consumption is inversely associated with high density lipoprotein cholesterol (HDLC) in coronary patients.
288	Poster session 1: June 29 2006	De Marco	R.	Italy	Prognostic factors of asthma severity: a 9-year international prospective cohort study
505	Poster session 1: June 29 2006	Di Ciommo	V.D.C.	Italy	Health related quality of life (HRQoL) in patients with cystic fibrosis (CF): a study in Italy
231	Poster session 1: June 29 2006	Di Napoli	A.	Italy	Effects of first vascular access and nephrologist referral timing on mortality among chronic dialysis patients
611	Poster session 1: June 29 2006	Drachler	M.L.D.	United Kingdom	Housing infrastructure modifies the effect of social inequalities on child development: a multilevel analysis
73	Poster session 1: June 29 2006	Ellert	E.	Germany	Lack of awareness of very high blood pressure, cholesterol and BMI among persons at high cardiovascular risk
23	Poster session 1: June 29 2006	Franko	F.A.	Slovenia	Glutathione S-transferases GSTM1 and GSTT1 polymorphisms and asbestosis
16	Poster session 1: June 29 2006	Freitas	E.	Brazil	
416	Poster session 1: June 29 2006	García-Mendizábal	M.J.	Spain	Body Mass Index (BMI) and health related quality of life (HRQoL) in women from a rural area in Galicia (Spain)
353	Poster session 1: June 29 2006	Gehring	U.	The Netherlands	Microbial agents in mattress dust and children's allergic sensitisation in the AIRALLERG study
142	Poster session 1: June 29 2006	Ghannem	H.	Tunisia	
386	Poster session 1: June 29 2006	Goettsch	W.G.	The Netherlands	Rosuvastatin not associated with increases in rhabdomyolysis, myopathy, acute renal failure or hepatic impairment
614	Poster session 1: June 29 2006	Goldbohm	R.A.	The Netherlands	Epidemiology and Risk Assessment
260	Poster session 1: June 29 2006	Grau	M.	Spain	North-to-south gradient in lipid peroxidation in Europe
273	Poster session 1: June 29 2006	Grau	M.	Spain	The Predominant influence of HDL cholesterol on the incidence of coronart events in Spain
510	Poster session 1: June 29 2006	Greiser	K.H.	Germany	No association of heart rate variability with depression and myocardial infarction in an elderly general population
362	Poster session 1: June 29 2006	Greving	J.P.	The Netherlands	Hypercholesterolemia management in type 2 diabetes patients between 1998-2004: longitudinal observational study
637	Poster session 1: June 29 2006	Heidrich	J.	Germany	Incidence of CHD and stroke in Germany from registers and estimated by a WHO method using national statistics
385	Poster session 1: June 29 2006	Hoefman	E.	The Netherlands	The Effect of Continuous Loop Recording on Quality of Life and Anxiety in Patients Presenting with Palpitations
437	Poster session 1: June 29 2006	Hoefman	E.	The Netherlands	Predictive Value of Symptoms in Diagnosing Serious Arrhythmias in the General Practice
297	Poster session 1: June 29 2006	Hoekstra	J.	The Netherlands	Quantification of health effects of breastfeeding. Literature review and model simulation

## IEA-EEF European Congress of Epidemiology 2006

### Poster list

407	Poster session 1: June 29 2006	Hoffmeister	L.	Spain	Change in priority score (need for surgery) of patients waiting for knee arthroplasty
409	Poster session 1: June 29 2006	Hoffmeister	L.	Spain	Proportion of second-eye cataract surgery in the public health system in Catalonia (Spain)
624	Poster session 1: June 29 2006	Jacobs	W.C.H.	The Netherlands	To review or not: Impact on the daily practice of experts
601	Poster session 1: June 29 2006	Keil	T.	Germany	Comparison of European birth cohort studies on asthma and allergic diseases - a GA2LEN initiative
189	Poster session 1: June 29 2006	Kiemeneij	L.A.L.M.	The Netherlands	Accurate prediction of the need for invasive treatment in BPH patients is not possible. A bootstrap validation
190	Poster session 1: June 29 2006	Kiemeneij	L.A.L.M.	The Netherlands	Polymorphisms in the E-cadherin (CDH1) gene promoter and the risk of bladder cancer
627	Poster session 1: June 29 2006	Kik	S.V.	The Netherlands	Prediction of tuberculosis in exposed immigrants by tuberculin skin test, IFN-g tests and epidemiologic factors
264	Poster session 1: June 29 2006	Kluytmans	M.	The Netherlands	Equal effects of off-pump and on-pump coronary artery bypass surgery (work in progress)
156	Poster session 1: June 29 2006	Knol	M.J.	The Netherlands	Depression in type 2 diabetes: consequence rather than cause
279	Poster session 1: June 29 2006	Kopec	A.	Canada	Osteoarthritis Patients Trade Substantial Risks of Side Effects for Pain Relief
176	Poster session 1: June 29 2006	Krajewski-Siuda	F.	Poland	Polish young physicians and their professional plans - should we expect the mass emigration?
299	Poster session 1: June 29 2006	Krumkamp	R.	Germany	International SARS control: inventory of European health policies to control pandemic infections
367	Poster session 1: June 29 2006	Laan	W.	The Netherlands	Acetylsalicylic acid as an adjuvant therapy for schizophrenia
352	Poster session 1: June 29 2006	Leray	E.	France	Long-term mortality in patients with Multiple Sclerosis in West France
354	Poster session 1: June 29 2006	Leray	E.	France	Incidence of Multiple Sclerosis in Western France, 2000-2001
289	Poster session 1: June 29 2006	Lope	V.L.	Spain	Municipal thyroid cancer mortality in Spain
570	Poster session 1: June 29 2006	Lopes	C.L.	Portugal	Age modifies the effect of classical myocardial infarction risk factors
337	Poster session 1: June 29 2006	Marcon	A.	Italy	Long-term prognostic factors of change in lung function in asthmatics: a 9 year follow-up study
300	Poster session 1: June 29 2006	Martínez Sánchez	J.M.	Spain	Geographical diffusion of epidemic influenza in the Autonomous Region of Extremadura (Spain). 2004/05 season.
383	Poster session 1: June 29 2006	May-de Groot	A.M.	The Netherlands	Effect of a multidisciplinary oncological rehabilitation program on quality of life
50	Poster session 1: June 29 2006	McBride	D.	Germany	Bringing clinical trials into the reality of usual care - results of a long-term analysis of sirolimus-eluting stents
403	Poster session 1: June 29 2006	Milder	I.E.J.	The Netherlands	The intake of four dietary lignans and cause specific and all-cause mortality in the Zutphen Elderly Study.
506	Poster session 1: June 29 2006	Moebus	S.F.	Germany	Prevalence of the Metabolic Syndrome in Germany
498	Poster session 1: June 29 2006	Molenaar	E.A.	The Netherlands	A multidisciplinary treatment program for overweight in a primary care setting
306	Poster session 1: June 29 2006	Ni	J.	China	Chinese medicinal herbs' Dan Shen' compound for Acute Myocardial Infarction
478	Poster session 1: June 29 2006	Nieto	F.J.	United States of America	Sleep apnea in relation to insulin resistance and vascular function in a population-based study
223	Poster session 1: June 29 2006	Noordzij	M.	The Netherlands	Disordered mineral metabolism increases the risk of cardiovascular morbidity in dialysis patients
207	Poster session 1: June 29 2006	Odink	A.E.	The Netherlands	Correlations between arterial calcification in different vessel beds; The Rotterdam Study.
63	Poster session 1: June 29 2006	Ohlsson	K.	Sweden	A decentralized drug budget increase adherence to guidelines for statin prescribing ? a multi-level approach
64	Poster session 1: June 29 2006	Ohlsson	K.	Sweden	Mortality has decreased between 1970 to 2000 in Skåne, Sweden, but municipality differences are increasing again
67	Poster session 1: June 29 2006	Orts	J.A.	Spain	Cost of asthma in Spain from 1998-2002
151	Poster session 1: June 29 2006	Orts	J.A.	Spain	Direct Costs Of Arterial Hypertension In Spain In 2003
323	Poster session 1: June 29 2006	Palmieri	L.P.	Italy	Explaining the decline in coronary heart disease mortality in Italy between 1980 and 2000
61	Poster session 1: June 29 2006	Pekmezovic	T.	Serbia and Montenegro	Incidence of multiple sclerosis in Belgrade (serbia). 20 Years of follow-up.
160	Poster session 1: June 29 2006	Penders	J.	The Netherlands	
91	Poster session 1: June 29 2006	Peres	M.A.	Brazil	Is water fluoridation effective to reduce inequities in dental health in developing countries?
92	Poster session 1: June 29 2006	Peres	M.A.	Brazil	Family socioeconomic trajectories from childhood to adolescence and dental caries and associated oral behaviours
114	Poster session 1: June 29 2006	Peres	K.G.	Brazil	The influence of malocclusion in the adolescent's self-image. A cross-sectional study nested in a birth cohort.

## IEA-EEF European Congress of Epidemiology 2006

### Poster list

115	Poster session 1: June 29 2006	Peres	K.G.	Brazil	Elderly functional status in a small town in Southern Brazil
163	Poster session 1: June 29 2006	Périsse	G.P.	Brazil	Urban space and ischemic heart disease mortality in elderly
619	Poster session 1: June 29 2006	Pina	M.F.	Portugal	Optimal Localization of Basic Urgency Units in a Portuguese District
170	Poster session 1: June 29 2006	Renzi	C.	Italy	Insufficient patient knowledge on psoriasis treatments represents a barrier to participation in decision-making
389	Poster session 1: June 29 2006	Roebbers	S.	Germany	
280	Poster session 1: June 29 2006	Roest	M.R.	The Netherlands	Markers of platelet aggregation predict increased acute ischaemic heart disease risk.
455	Poster session 1: June 29 2006	Rückerl	R.R.	Germany	Obesity and lung disease predict CRP levels in myocardial infarction survivors
459	Poster session 1: June 29 2006	Rutten	F.H.	The Netherlands	Value of magnetic resonance imaging in the diagnosis of heart failure in patients with COPD
522	Poster session 1: June 29 2006	Schellevis	F.G.	The Netherlands	Comorbidity in neurological and psychiatric diseases: a population based controlled study
480	Poster session 1: June 29 2006	Schreijer	A.J.M.	The Netherlands	The effect of flight-related behaviour on the risk of venous thrombosis after air travel
512	Poster session 1: June 29 2006	Schumann	B.	Germany	High prevalences of untreated and uncontrolled hypertension in a general elderly population in Eastern Germany
556	Poster session 1: June 29 2006	Sihvonen	A.P.	Finland	Availability and comparability of information for ECHI indicators in European health surveys
356	Poster session 1: June 29 2006	Spallek	J.S.	Germany	Cancer in Turkish children in Germany
605	Poster session 1: June 29 2006	Sucupira	A.C.S.	Brazil	Analysis of infant mortality in Sobral, Brazil
387	Poster session 1: June 29 2006	Szurkowska	M.	Poland	Insulin resistance as the risk factor of coronary artery disease in middle aged women
204	Poster session 1: June 29 2006	Thijs	C.	The Netherlands	Low perinatal omega-3 fatty acid supply increases the risk of atopic eczema in the first year of life
54	Poster session 1: June 29 2006	Toll	D.B.	The Netherlands	A diagnostic tool to safely exclude DVT in primary care: a validation study
132	Poster session 1: June 29 2006	Twardella	D.	Germany	Strategies to enhance smoking cessation in general practice: results of a cluster-randomized trial
78	Poster session 1: June 29 2006	Van Baar	M.E.	The Netherlands	Reliability and validity of burn-specific quality of life instruments in the Netherlands
526	Poster session 1: June 29 2006	Van den Belt-Duseb	A.W.	The Netherlands	Late cardiac toxicity after treatment for Hodgkin's Lymphoma.
626	Poster session 1: June 29 2006	Van der Linden	M.W.	The Netherlands	Coronary heart disease risk, type 2 diabetes and Computerised Decision Support in primary care
55	Poster session 1: June 29 2006	Van Diemen	C.C.	The Netherlands	Polymorphisms in MMPs in relation to accelerated decline in lung function in the general population
501	Poster session 1: June 29 2006	Van Dijk	N.	The Netherlands	High yield and accuracy of initial evaluation in patients with transient loss of consciousness.
502	Poster session 1: June 29 2006	Van Dijk	N.	The Netherlands	Poor quality of life in patients with transient loss of consciousness.
442	Poster session 1: June 29 2006	Van Gils	E.J.M.	The Netherlands	Effect of 2 versus 3 PCV7 on nasopharyngeal carriage, transmission and herd immunity; a randomized, controlled study
549	Poster session 1: June 29 2006	Véras	M.M.S.	Brazil	Evaluation of user satisfaction with the health ombudsman service in Brazil
321	Poster session 1: June 29 2006	Verschuren	W.M.	The Netherlands	Population-based Registers for Myocardial Infarction in Europe: results from EUROCISS Project
25	Poster session 1: June 29 2006	Völzke	H.V.	Germany	Gender differences in the relation between number of teeth and systolic blood pressure
348	Poster session 1: June 29 2006	Wei	J.	China	Chinese medicinal herbs for acute bronchitis
254	Poster session 1: June 29 2006	West	R.R.	United Kingdom	Is depression following acute myocardial infarction independently prognostic?
68	Poster session 1: June 29 2006	Weyermann	M.	Germany	Adiponectin in human milk among a population based sample from Germany
283	Poster session 1: June 29 2006	Wijga	A.H.	The Netherlands	Breast milk fatty acid composition influences allergic disease in pre-school children: the PIAMA birth cohort study
331	Poster session 1: June 29 2006	Zafarmand	M.	The Netherlands	Pro12Ala polymorphism in PPARG2 gene and the risk of acute myocardial infarction, coronary heart disease and stroke
434	Posters session 2: June 30 2006	Agabiti	N.	Italy	Underuse of total hip replacement among low-income elderly patients in a four city study in Italy
595	Posters session 2: June 30 2006	Ahrens	W.	Germany	IDEFICS: Identification and prevention of dietary- and lifestyle-induced health effects in children and infants
600	Posters session 2: June 30 2006	Ajdacic-Gross	V.	Switzerland	Psychotic experiences in the general population: longitudinal patterns associated with two syndromes
603	Posters session 2: June 30 2006	Ajdacic-Gross	V.	Switzerland	Firearm suicides and the availability of firearms: analysis of longitudinal international data
236	Posters session 2: June 30 2006	Barreto	F.R.	Brazil	Spatial diffusion patterns of the first dengue epidemic in Salvador, Bahia, Brazil

## IEA-EEF European Congress of Epidemiology 2006

### Poster list

433	Posters session 2: June 30 2006	Baussano	I.B.	Italy	Web-based birth cohorts
134	Posters session 2: June 30 2006	Bayingana	K.	Belgium	Variation of smoking prevalence in six European countries, comparison of health survey data
325	Posters session 2: June 30 2006	Behrens	T.	Germany	Neuraminidase inhibitors prevent influenza infection in patients after contact with an influenza index case
47	Posters session 2: June 30 2006	Belo	J.N.	The Netherlands	Validity of the DynaPort® Knee Test in adults with non-traumatic knee complaints in general practice
457	Posters session 2: June 30 2006	Bierma-Zeinstra	S.M.A.	The Netherlands	Association between varus-alignment and the onset and progression of osteoarthritis of the knee
572	Posters session 2: June 30 2006	Bijkerk	C.J.	The Netherlands	From patient identification to trial participation; selection mechanisms in Irritable Bowel Syndrome research.
545	Posters session 2: June 30 2006	Boer	K.R.	The Netherlands	Longterm Prevalence of Posttraumatic Stress Disorder Symptoms in Patients after Surgery for Secondary Peritonitis
313	Posters session 2: June 30 2006	Bogers	R.P.	The Netherlands	Overweight and obesity increase the risk of coronary heart disease: a pooled analysis of 30 prospective studies
180	Posters session 2: June 30 2006	Capon	A.	Italy	Falls incidence and risk factors among elderly patients. A study in an Italian general practice setting.
539	Posters session 2: June 30 2006	Corte	A.E.M.	Portugal	Efficiency between two types of oral health education programmes
536	Posters session 2: June 30 2006	Cotton	S.C.	United Kingdom	Lifestyle factors associated with HPV16 and HPV18 infection in 5000 UK women with low-grade abnormal cervical smears
242	Posters session 2: June 30 2006	Curzio	C.O.	Italy	Prevalence of opiate and cocaine use in Liguria region (Italy) using capture-recapture method
185	Posters session 2: June 30 2006	De Boer	I.M.	The Netherlands	Herpes simplex virus type 1 and type 2 in the Netherlands: Prevalence and risk factors in the general population
307	Posters session 2: June 30 2006	De Kraker	M.E.A.	The Netherlands	The European Antimicrobial Resistance Surveillance System (EARSS): Resistance, an increasing health threat!
643	Posters session 2: June 30 2006	De Kraker	M.E.A.	The Netherlands	MRSA incidences and proportions: How well do these correlate on a European level?
19	Posters session 2: June 30 2006	De Vries	S.I.	The Netherlands	'activity-friendly' neighborhoods for children; how do they look like?
29	Posters session 2: June 30 2006	De Vries	F.	The Netherlands	Use of statins, risk of fracture and age-band bias
30	Posters session 2: June 30 2006	De Vries	F.	The Netherlands	Use of beta-2 agonists and risk of hip fracture
135	Posters session 2: June 30 2006	De Wit	I.	The Netherlands	Evaluation of a media campaign to promote problem awareness of excessive adolescent alcohol use
109	Posters session 2: June 30 2006	Defraye	A.	Belgium	Increase in Sexually Transmitted Infections (STI) observed by a sentinel network of physicians in Belgium
34	Posters session 2: June 30 2006	Diaconu	E.	Romania	Salivary nitrate / nitrite and water nitrate exposure
36	Posters session 2: June 30 2006	Diaconu	E.	Romania	Trihalomethanes in drinking chlorinated waters
598	Posters session 2: June 30 2006	Dijkstra	F.	The Netherlands	Effectiveness of BCG-vaccination of immigrant children in the Netherlands.
322	Posters session 2: June 30 2006	Donalisio	M.R.D.	Brazil	Effect measures in cross-sectional study with complex sampling: a comparative study
117	Posters session 2: June 30 2006	Eljedi	Y.	Israel	Effect of diabetes mellitus on the health-related quality of life of the Palestinian diabetic refugees in Gaza strip
464	Posters session 2: June 30 2006	Faustini	A.	Italy	Population prevalence, risk-factors and outcomes of HCV infection. Lazio, Italy 1997-2001
129	Posters session 2: June 30 2006	Feleus	A.	The Netherlands	Indicators of referral in consultants with non-traumatic complaints of arm, neck and shoulder in general practice
520	Posters session 2: June 30 2006	Fonseca Cardoso	M.F.C.	Portugal	Warning labels in cigarette packs: Level of awareness and effectiveness among Portuguese adolescents.
574	Posters session 2: June 30 2006	Fonseca Cardoso	M.F.C.	Portugal	Prevalence of risk factors for cigarette smoking among Portuguese teenagers
26	Posters session 2: June 30 2006	Gimeno	D.	United States of America	Psychosocial work exposures predictors of work-role functioning after carpal tunnel release surgery
420	Posters session 2: June 30 2006	Giorgi Rossi	P.G.R.	Italy	Cost-effectiveness analysis of pneumococcal vaccination for the general population over 65 in Lazio region (Italy).
183	Posters session 2: June 30 2006	Gorissen	B.M.C.	The Netherlands	Uneven feet limit performance of a warmblood horse population
303	Posters session 2: June 30 2006	Haukka	J.K.	Finland	Antidepressants and the Risk of Suicide, Attempted Suicide and Overall Mortality in a Nation-Wide Cohort
128	Posters session 2: June 30 2006	Hosper	K.	The Netherlands	Behavioural risk factors in two generations of migrants: trends of convergence
304	Posters session 2: June 30 2006	Jansen	Y.J.F.M.	The Netherlands	Variations in primary care explain RCT outcomes; ethnographic results
465	Posters session 2: June 30 2006	Jarrin	J.L.	Spain	Effect of education in overall and cause-specific mortality in injecting drug users, by HIV and introduction of HAART
477	Posters session 2: June 30 2006	Juhl	M.J.U.	Denmark	Pelvic pain in pregnancy is associated with strenuous working conditions and high psycho-social strain.
201	Posters session 2: June 30 2006	Khosravi Boroujeni	A.D.	Iran	Epidemiology of Isoniazid and Rifampin resistance among Mycobacterium tuberculosis by conventional method and PCR

## IEA-EEF European Congress of Epidemiology 2006

### Poster list

71	Posters session 2: June 30 2006	Kilsztajn	S.K.	Brazil	AIDS cases and survival among injecting drug users in Sao Paulo State, Brazil
412	Posters session 2: June 30 2006	Koedijk	F.D.H.	The Netherlands	Molecular epidemiology of hepatitis B in the Netherlands; a low endemic country with a selective vaccination program
51	Posters session 2: June 30 2006	Koopman	L.	The Netherlands	Subgroup analyses in individual patient data meta-analyses require improvement
85	Posters session 2: June 30 2006	Kretzschmar	M.	Germany	Determinants of the main transmission routes of hepatitis B in high and low endemic regions
414	Posters session 2: June 30 2006	Kuczerowska	A.G.K.	Poland	Lifestyles of Physicians: Pilot Study
186	Posters session 2: June 30 2006	Lazarevska	L.L.	Macedonia	
497	Posters session 2: June 30 2006	Lindert	J.L.	United Kingdom	Long -Term Health Impact of Organized Violence - Systematic Review
604	Posters session 2: June 30 2006	Lucas	R.	Portugal	Gender and education explain a large fraction of the variability in fatigue in adults.
209	Posters session 2: June 30 2006	Luijsterburg	P.A.J.	The Netherlands	Physiotherapy more effective than general practitioners' care alone in patients with sciatica?
485	Posters session 2: June 30 2006	Maira	M.	Spain	Association between folate, vitamin B6 and vitamin B12 intake and depression in the SUN Cohort study.
525	Posters session 2: June 30 2006	Martens	E.P.	The Netherlands	Instrumental variables and survival outcomes: theory and application
576	Posters session 2: June 30 2006	Mazur	J.	Poland	A multilevel analysis of substance abuse in Polish upper- secondary school students: importance of school context
116	Posters session 2: June 30 2006	Medronho	R.A.M.	Brazil	Spatial distribution of trichiuriasis in a small area, Rio de Janeiro, Brazil
332	Posters session 2: June 30 2006	Melis	R.J.F.	The Netherlands	Pseudo cluster randomization: no allocation disclosure or selection bias in the Dutch EASYcare study
127	Posters session 2: June 30 2006	Mello	T.R.C.M.	Brazil	Prevalence and severity of dental caries in schoolchildren of Porto, Portugal.
509	Posters session 2: June 30 2006	Mierzejewska	J.	Poland	Case-parent triads model in studies of risk of Spina Bifida
484	Posters session 2: June 30 2006	MIGUEL	A.	Spain	Predictors of follow-up and assessment of selection bias using inverse probability weighting
